CHELSEA ACADEMY

Anchored in Christ

We have a number of digital services available to help your child make progress or to simply share information at Chelsea Academy. Below is a list of those services and how either you or your child can log in. The majority can only be accessed by the students but your knowledge of them is important to help support them with their learning. Edulink will give you information about your child's timetable, achievements, behaviour points, attendance.

Edulink
Parents can access the information management admin system that we use here at Chelsea Academy. It allows parents to keep their contact details and consents up to date and it allows us to easily communicate with parents about attendance data, achievement and behaviour data.

Web address	How to log in	Parents log in?	Students log in?	Where can we get logins / passwords?
https://www.edulinkone.com/#!/login?code=chelsea	Check your email inbox where you should have an invite from Edulink. Go to the website and login. Also available as an app.	Yes	No	From the email sent via Chelsea Academy. Parents can reset their password from the login page.

The Chelsea Academy Learning Cloud (CALC)
Our online Google driven teacher / student website. Here the students have links to all the digital platforms, the Google suite of apps, latest news, twitter feed, calendar etc. Most importantly, here is where students can see all their IL tasks through smarthomework. It's the green tab on the top row.

Web address	How to log in	Parents log in?	Students log in?	Where can we get logins / passwords ?
thecalc.net	Login using the username provided at the start of the year.	No	Yes	All teachers have access to reset your passwords and can share your username with you. Please ask your learning coach to reset your password on the system and your password will become: *password*.

Seneca Learning (Year 7 - 13)
Seneca is an online learning platform used in Schools
The free parent platform allows you to monitor your child's progress.

Web address	How to log in	Parents log in?	Students log in?	Where can we get logins / passwords?
www.senecalearning.com	Go to senecalearning.com/signup	Yes	Yes	Click here to create a parent account (if you arrive at a login page, make sure to click on the 'Sign up' option) Click 'invite child' Share your code with your child(ren) and ask them to click on the link

GCSEPOD (Year 9-11)

Video podcasts for all content of nearly every subject in the Academy. Students can watch short videos on a computer, tablet or phone. about subjects/content that they might have found difficult or might have missed in class. They can also use it for revision. You can also download all content so you can watch any time anywhere.

Web address	How to log in	Parents log in?	Students log in?	Where can we get logins / passwords?
www.gcsepod.com	Once on the GCSEPOD website, click 'log in with Google' and if you are logged into the CALC, it will log you straight in. If it takes you to a login screen, simply use the username and password you use for the CALC and your Google products.	No	Yes	As with the CALC username and passwords, all teachers have access to reset your CALC passwords and therefore your GCSEPOD passwords. They can also share your username with you. Please ask your learning coach to reset your password on the system and your password will become: *password*.

SAM Learning (Year 7-11)

Online learning resources, revision materials and assessments that are available in every subject. Great resource for teachers to set homework with and also, for students to select themselves and attempt. Students do not need to wait to be set work, they can simply attempt all tasks in each subject area.

Web address	How to log in	Parents log in?	Students log in?	Where can we get logins / passwords ?
www.samlearning.com	Student usernames and passwords use their DOB and the first initial of their first and last name (in capitals). For example 120981SA. They use this for their username and password.	No	Yes	If the username or password is not working, please contact: service.desk@chelsea-academy.org

This guidance does not include the many resources that subjects might use independently, for example Hegarty Maths (Maths), Memrise (MFL) or Tasomai (Science). For support in these programmes, students should see their subject teachers. Again, parents can not log into these services.

If you have any further general queries, please contact our Digital Systems Leadon: alex.rowe@chelsea-academy.org .
