## OUR VISION

*Students will flourish, benefitting from a rich academic curriculum and strong pastoral care. The Academy community is diverse and inclusive and learning will excite, inspire and challenge. Beyond the taught curriculum there will be many opportunities for students to develop their interests and passions. We aspire to acknowledge and embrace vulnerability. All students will develop: resilience, wisdom, hope and skills with which to lead happy, healthy and fulfilling lives.*

ACADEMY  
SIXTH FORM**

‘The provision in the sixth form is very strong across a range of academic subjects. Students know how to improve and are given useful feedback from teachers. They engage with alumni who are at different universities to find out what it is like when they move on in their education. They receive high quality careers guidance.’
